ALOHA LABOR SCHEDULER

Aloha Labor Scheduler provides you with the answers you need to accurately and efficiently schedule your employees to meet your business needs. The Labor Scheduler utilizes Aloha POS historical sales information and automatically populates an employee schedule based on your key volume indicators. Based on any combination of sales dollars, guest counts, items or check counts, you decide how you will project staffing needs.

SCHEDULE BY PERFORMANCE

- Establish who your best performers are and the system makes sure they are scheduled to bring in the most profits on your busiest time periods.
- Calculate who works, when they work and what work is assigned automatically based on the skill and preference levels you control for each employee.

LABOR COST SAVINGS

- Control punctuality costs by setting limits for employee clock-ins.
- Automatically enforce schedules you build, preventing profits being eaten away by an ineffective on-the-clock work force.

SCHEDULE CONTROLS

- One-time company rules and regulations setup allows you to balance all of your business needs around company hours and labor restrictions.

POWERFUL MANAGEMENT TOOLS

- Create projection vs. actual labor cost comparisons
- Review reported scheduling problems instantly
- Access recommended replacement employees quickly in response to no-shows
- View on screen what it costs you in labor dollars, hours and percentages as you make schedule changes.

SCHEDULE CONTROLS

- Analyze schedules, handle unique requests, schedule vacations and maintain labor costs
- Rectify potential problems before schedules are posted
- Report and track required labor dollars and the difference between budgeted and actual labor costs
- Ability to copy shifts from day to day
- Option of adding remarks to job requirements
- Ability to enter preferred shifts and requests off
- Customizable to fit company policies on hour limitations
- Quick viewing of employee skill levels
- Easy addition and deletion of employee break times
